

MAGNAT PLUS VICE Réf.: 3020000120

Characteristics

Magnat high quality tube vice. Same design as the classic Magnat vice, but fitted with welded chain tong jaws. Especially designed to clamp tubes. Ideal for the building trade. Forged base. Round shape, prevents injuries. Extra wide opening with a guide rail. PRECISION: measuring scale. Torque wrench for controlled tightening. Large hardened steel anvil (50-56 HRC) for straightening and upsetting works. OPTIONAL: possibility to add gripping jaws (from 120 mm). TWO TIGHTENING DEVICES: for twice more efficiency. The vices of the Durlach range, Magnat and Magnat Tube, are fitted with 2 tightening devices: use of a removable sliding handle or use of the exclusive MDS device that enables the vice tightening with a ratchet wrench (1/2" square). Easy clamping, also for especially bulky pieces and even in difficult positions. The thread is protected from any kind of contamination.
