

5 WEDGES SET ON CARD Réf.: **6971001001**

Characteristics

Corners to re-assembles straight hammers. HOW TO CHANGE A STRAIGHT HANDLING WOOD HANDLE: take the corresponding handle. Choose a wedge which enters the eye without getting out. Mob evolved its eyes and handles, during the time. If the handle passes the eye, that cut back before putting the wedges. Put the wedge, using a hammer, until the handle is fixed in the eye. For club hammers put 2 metallic wedges, one near the other. The wedges must not overpass the handle. N.B: handling done by users is no longer guaranteed by MOB.
