

FLAT JAWS PLIERS ON CARD Réf.: 9300171401

Caracteristics

NF ISO 9655 - DIN ISO 5745. Sleeve ergonomics: marked guard for improved hold, bimaterial polypropylene and neoprene for grip. Resistant to industrial products: hydrocarbons, acetone, chlorotene, etc. Carpal tunnel syndrome is a major MSD. The area is therefore not spatulated, but the length of the sleeve is increased and the carpal tunnel zone is simply avoided by refining the pliers at the end. FINISH Premium range pliers feature a high-end chrome finish. Chrome plating increases surface hardness and protects against corrosion.
