

CIRCLIP PLIERS, 90° JAWS FOR EXTERNAL CLIPS, ON CARD Réf.: **9323101001**

Characteristics

ERGONOMY: The pliers' geometry is designed to set up circlips with just one hand. The release spring on external circlip pliers makes the handling of circlips easier. The pliers are chrome plated and the arms are sheathed for a better grip.

NOSE PERFORMANCES: when handling, the outwards or inwards inclination of the noses avoids the circlips to slide. To increase their resistance, the noses are hardened by induction. The noses' diameters are designed with precision to fit the standardised holes of the circlips.
